Consent to Treatment

By signing below, I (or my authorized representative on my behalf) authorize Urgent Specialists L.L.C. and their staff to conduct diagnostic examinations, tests and procedures to assess, diagnose, and treat my illness(es) and/or injury(ies). I authorize Urgent Specialists to provide medications, treatment, or therapy necessary to effectively assess and maintain my health. I understand that it is the responsibility of my individual treating healthcare provider(s) to explain to me the reasons for any particular diagnostic examination, test or procedure, the available treatment options and the common risks. I also understand that the practice of medicine is not an exact science and that no guarantees have been made to me as to the results of my evaluation and/or treatment. It is my responsibility to pay for services rendered. I understand that Urgent Specialists will collect payment from my insurance company(ies) on my behalf, but I am ultimately responsible for payment if my insurance does not cover my fees obtained at Urgent Specialists L.L.C. I understand my care may have additional charges billed by outside facilities (i.e. labs, x-rays, and splints) that may not be covered by my insurance carrier and therefore will be my responsibility.

STATEMENT OF LIMITATION REGARDING ADVANCE DIRECTIVE

Our team is dedicated to delivering the highest quality care in a safe environment that places the patient at the center of our care. The majority of treatments performed at Urgent Specialists are considered to be minimal risk. It is policy of Urgent Specialists that if an adverse event occurs during your treatment, the medical team will initiate resuscitative or other stabilizing measures and transfer you to an acute care hospital for further evaluation. At the acute care hospital, further treatment or withdraw of treatment measures already begun will be ordered in accordance with you wishes, advance directive, or health care power of attorney.

If you do have an Advanced Directive or Living Will and wish to provide us with a copy of the document, we will place a copy in your medical record. In the event of transfer to a hospital is required a copy will be forwarded to the hospital.
If you do not have an Advanced Directive/Living Will and wish to create one you may refer to one of the following:

www.willsofamerica.com
www.legalzoom.com
www.health.state.tn.us./Boards/AdvanceDirectives
www.azsos.gov/services/advance-directives

If you would like a copy of the State of Arizona official Advance Directives form, please ask when you arrive at the center and a copy will be provided to you.

HIPAA NOTICE OF PRIVACY PRACTICES

NOTICE TO PATIENTS

As a prospective patient of **Urgent Specialists**, we are pleased to inform you of the following:

DISCLOSURE OF PHYSICIAN PARTNERSHIP

1. Your provider may consult with a specialist telephonically or via telehealth on your case, or the specialist may evaluate you in the clinic. Similar to an emergency department (ED), this in-network provider may bill your insurance as well. You understand your insurance carrier may require an additional co-pay, deductible and/or co-insurance to have the involvement of a specialist or higher-level services at Urgent Specialists. This would be similar to what is experienced at an ED, however much more cost effective in our setting.
2. You have the right to choose the provider of your health care services. Therefore, you have the option to use a health care facility other than Urgent Specialists. Alternative options include the closest emergency department or following up with another outside specialist.
3. You will not be treated differently by your provider if you choose to use a different facility. If desired, your provider can provide information about alternative providers.

If you have any questions regarding the information contained in this Notice to Patients, please feel free to ask your physician or a representative of Urgent Specialists. We welcome you as a patient and value our relationship with you.

Acknowledgment of Disclosure

By signing this Acknowledgment of Disclosure, you acknowledge that you have read and understand the foregoing Notice to Patients regarding billing, co-pay responsibility and patient safety measures.
